

SOFTWARE ENGINEERING

Kenzie Academy provides an in-depth, technical education delivered in a career-focused format. As a Kenzie student, you'll be empowered to:

- **Future-proof your career**

At Kenzie, you'll learn from industry professionals and get hands-on experience directly relating to real-world jobs, preparing you to tackle the ever-changing marketplace.

- **Build your portfolio**

Immerse yourself in a project-based curriculum to truly absorb the material, apply it to create real-life solutions, and gain job-relevant experience (unlike a bootcamp).

- **Level up your life**

The current average salary of Kenzie graduates is \$57k, and the majority of our students land a job offer within 6 months of graduation. Our national network of employer partners assists with job placement and advises our curriculum to equip students with the skills they need to get hired.

WHAT IS SOFTWARE ENGINEERING?

Software Engineers use technical and problem-solving skills to build websites and applications. Since nearly every industry relies on Software Engineering in some way, people in this profession have an abundance of options when it comes to the direction they can take with their careers. So whether you want to work for a tech startup, government agency, healthcare facility, or established business, a Software Engineering certification could help get you job-ready.

WEB DEVELOPMENT*

Transfer credits towards a degree

CONTINUE YOUR EDUCATION.

Looking to continue your education? Kenzie has partnered with Western Governors University (WGU) to create Degree Pathways. After you graduate from Kenzie and land a rewarding tech job, you can enroll in a WGU online degree program. Your Kenzie experience will earn you credits towards your degree!

COHORT START DATES

*APRIL 2021
JULY 2021
OCTOBER 2021
JANUARY 2022*

GET TRAINED, GET HIRED.

“*Out of all the bootcamps I applied to and interviewed for, Kenzie was the only one that gave me the impression they saw me as a person.* - Darlyze, Kenzie Grad & Software Engineer

SOFTWARE ENGINEERING PROGRAM

9 MONTHS FULL-TIME

The Front-End Web Developer track will teach you to learn and think like a Software Engineer in the ever-evolving tech space. Industry experts will be right there with you, sharing best-practices and clean-code principles. You'll learn how to:

FRONT-END DEVELOPMENT 6 MONTHS

- Think like a Software Engineer; Break apart interesting problems and design engaging solutions.
- Design, create, and modify static web pages that conform and adhere to HTML5 specifications.
- Analyze the client-side performance of a web page to better understand the consumer experience.
- Imagine, create, and deploy interactive and mobile-friendly applications for the web using the latest web technologies; including HTML5, CSS3, JavaScript (ES6+), and React.
- Pair those skills with back-end technologies like databases and Node.js, as well as developer tools like Bash, Git, and automated tests.
- Understand how to effectively work and collaborate on a software project, and how to interview confidently.

Building on what you have already learned, the Full-Stack Web Developer track broadens and deepens your experience by teaching you how to architect production-ready end-to-end web applications. You'll learn how to:

FULL STACK DEVELOPMENT 3 MONTHS

- Create web applications with Express that interact with SQL and MongoDB databases.
- Become adept at interacting with behind-the-scenes technologies, like databases and servers, and at solving more complex sets of problems.
- Identify and fix performance bottlenecks in a web application. Propose a viable fix to a specific bottleneck in a provided sample application.
- Learn to make applications faster, more secure, more stable, and more capable.
- Develop an engineering mindset toward problem-solving and receive hands-on supporting you in your job search and technical interview skills.

PAYMENT OPTIONS

Kenzie is focused on providing options to fund your education that fit your budget.

OUTCOMES LOAN - \$100 DOWN

Outcomes Loans allow you to defer repayment for up to six months after you complete your program, or when you receive a qualifying job offer as determined by the Kenzie Guarantee

PAYMENT PLANS - \$500 DOWN

12-Month Payment Plan - \$1,625/month
24-Month Payment Plan - \$813/month

UPFRONT PAYMENT - \$20,000

Scholarships are available for qualified students, up to \$4,800
